
The records
TimeClockEntry
the hours clocked each day, regular and overtime
LaborTimeEntry
the hours charged to a work order operation, or indirect time
linked by TimeClockEntryID
PayrollRegister
each employee's pay for a pay period
linked through PayrollRegisterLine (LaborTimeEntryID, PayrollRegisterID)
PayrollPayment
the net pay disbursed
linked by PayrollRegisterID
GLEntry
the cost and the payment posted to the ledger
linked by SourceDocumentID
The test of each record
Test
Profiled; overtime above half an hour is approved; no day on which everyone clocks the same hours
Tutorial 12.3, Steps 1, 6, and 7
Test
Its hours equal the clock entry's; no direct time recorded after its operation ended
Tutorial 12.3, Steps 2, 8, and 9
Test
Its earnings lines pay its own employee's approved time at the employee's rate; not approved by that employee
Tutorial 12.3, Steps 4 and 5; Exercise 12.5
Test
A payment for each approved register, made after its ApprovedDate
Tutorial 12.1; Exercise 12.5
Test
Every payment posting traces to a payment; unpaid wages accrued at the year-end
Tutorial 12.1, Steps 3 and 8
one record leads to the next, linked by the key named in the box
a posting to the ledger
