```

	Test	RecordID	RecordDate	Amount
1	Posting with no payroll payment	7231	2024-01-19	7971.1
2	Posting with no payroll payment	7232	2024-01-19	7971.1
3	Posting with no payroll payment	12521	2025-01-03	7971.1
4	Posting with no payroll payment	12522	2025-01-03	7971.1
5	Posting with no payroll payment	18069	2026-01-02	7971.1
6	Posting with no payroll payment	18070	2026-01-02	7971.1

Execution finished without errors.
Result: 6 rows returned
At line 44:
SELECT 'Posting with no payroll payment' AS Test,

The editor shows the first two of the four tests; the query continues below. Outlined: every row comes from the first test, and the other three return none.
