

Discount billed in each quarter, the three promotions together: $354,589.72 in all

By invoice date, 64% of the proposal's discount reaches Q4. **By order date** the same discount puts 51% there.

Harbor's recorded dates run from 2026-03-01 to 2026-02-28, so the end falls 1 day before the start, yet its lines were ordered in March and April. The discount is billed with the invoice: Furniture's orders of September and October are invoiced through December, which puts 68% of its discount in the fourth quarter. Harbor has no invoices in July, so that month is left clear.
