TrialBalance | IncomeStatement | JournalEntries | **Ex 6.1**

Rows 1 and 2, which hold the title, are scrolled out of view. Selected: D5, whose formula shows in the bar. Outlined: the three accounts that exceed the invoice lines, 4010, 4020 and 4040. Each difference equals one of the three invoices below, which the ledger posted on 2026-01-01, so nothing is left unexplained.
