Surge days in each month, 2024-01 to 2026-12

2024: 12 surge days	2025: 32 surge days	2026: 49 surge days
3,456 overtime hours, 35.5% of the year's	9,216 overtime hours, 58.9% of the year's	14,112 overtime hours, 70.5% of the year's

93 surge days in all, none before 2024-05-31. A surge day is a manufacturing day on which every employee who clocked in recorded the same hours (test H8). The most in a month rose from 3 in 2024 to 7 in October 2026, and the share of the year's manufacturing overtime that falls on surge days rose from 35.5% to 70.5%. A month with no bar had no surge day. The time records end on 2026-12-11, so the last month is partial.
