GrandTotal is SubTotal plus freight plus tax. It is not revenue.

Review | **Ex 13.1** | Ex 13.2 | +

Report view, page Ex 13.1. Outlined in coral: the fiscal 2026 row of each visual. Outlined in teal: the GrandTotal column, which exceeds SubTotal by the freight and the tax. The two visuals agree on every year's SubTotal, and the table's FiscalYear comes from InvoiceHeaders, which no relationship joins to the model.
