28    )
```

Results

[Test]	[Expected]	[Actual]	[Difference]	[Result]
Invoice lines, fiscal 2026	9522	9522	0	Pass
Revenue, fiscal 2026	29756420.08	29756420.08	0	Pass
Net income, fiscal 2026	4503611.24	4503611.24	0	Pass
Journal entry debits, all years	129860610.27	129860610.27	0	Pass
Manufacturing variance (5080), fiscal 2026	2265636.88	2265636.88	0	Pass
Invoice revenue in the ledger, fiscal 2026	29761002.45	29761002.45	0	Pass
Ledger less invoice lines = SI-2026-013741 to 013743	4582.37	4582.37	0	Pass

5 columns, 7 rows

The tab Control Totals after Requirement 2, run: seven tests, each Pass with a Difference of 0. The editor is drawn without lines 5 to 17, the first six tests (a gray bar), and values are written to the cent. Outlined, in the editor and in the grid: the reconciling item, the ledger's invoice revenue less the invoice lines, 4,582.37. It is the invoices SI-2026-013741 to 013743, dated in late 2025 and posted on 2026-01-01, so the query tests it as its own expected value and does not leave it as a failure.
