

1 the table that holds the key ***** the table that refers to it Arrow: the way a filter flows

The nine tables of the tutorials, each with some of its columns. Employee reaches the entries through their approver, and no other population: PurchaseOrder and PayrollRegister have no line to it. The model answer holds 21 tables and 13 relationships, all active and single direction. The exercises add 5 relationships, for ClockEntries, Exceptions 16.2, Payments, SurgeDays and Tests 16.2, and 6 tables with none (ARCreditBalances, ARInvoices, ARLedger, CutoffInvoiceLines, Digits, PaymentPairs). Key Measures, which holds the measures, is not drawn.
