Outlined in teal: the test that leaves out a close only when it is dated on the as-of date. Outlined in coral: the cash row. The grid shows the first 5 of 71 rows; the debit balances add up to 67,107,722.36, equal to the credit balances. The query's GROUP BY and ORDER BY lines are below the part of the editor drawn; the second comment line is cut at the editor's edge.
