12	1110	Furniture and Fixtures	Asset	Fixed Asset	11
41	4000	Revenue	Revenue	Header	
42	4010	Sales Revenue - Furniture	Revenue	Operating Revenue	41
101	4080	Sales Revenue - Design Services	Revenue	Operating Revenue	41

Resulting hierarchy

Self-reference. ParentAccountID points to another row in the same table. The highlighted ParentAccountID (11) is the AccountID of Fixed Assets, so Furniture and Fixtures sits under Fixed Assets.

AccountSubType marks summary accounts as Header, and no entries post to them. Current assets are identified by their subtype, not by a parent account.
