

2026 Q4, all ledger rows

Revenue −$13,241,499.72
Cost of goods sold −$7,496,777.60
Margin 43.4%, about 2026 Q3's 43.3%: a plausible ratio of two negative totals, because JE-2026-000296 is in the rows.

2026 Q4, year-end close excluded

Revenue $4,156,787.84
Cost of goods sold $2,450,061.07
Margin 41.1%, 2.3 points below 2026 Q3's 43.3%.

The 2026 Q3 bars match because no journal entry posts to the two Furniture accounts in that quarter. The axis starts at zero. Cost of goods sold is shipments less returns, and revenue is the sales invoices before customer credits.
