Charles River Reports: the monthly reporting package
Purpose. Fiscal 2026 results for three readers: the sales manager (Promotions), the department managers (Budget), and the production manager (Plant).
Source. CharlesRiver.xlsx, fiscal years 2024 to 2026; time records end on December 11, 2026, and indirect time on December 4, 2026, because the last pay periods are marked Open, so the plant's December figures are provisional.
Definitions. Every measure has a description: point at it in the Data pane.
Validation. The Validation page and the Tests tab in DAX query view reproduce the control totals of the earlier chapters.

About | Sales and Discounts | Validation | Review | Margins
Income Statement | Promotions | Budget | Plant

The page navigator, in two rows, one button for each visible page.

About | Sales and Discounts | Validation | Review | Margins | Income Statement | +

The About page of Tutorial 15.3. The page tabs continue with Promotions, Budget, and Plant; the three detail pages are hidden, so neither the tabs nor the navigator list them.
